# Single Equality Scheme

## 1. Introduction

Stanmore College is committed to a Single Equality Scheme which meets the requirements of the Equality Act 2010 and aims to provide equality of opportunity and create a community in which diversity is valued. The College seeks to provide a positive learning and working environment, free from discrimination, harassment or victimisation.

## 2. Equality Values, Principles and Standards

This policy is underpinned by the following values, principles and standards:

- equality and social justice
- respect for others
- acknowledging and valuing diversity
- elimination of all forms of prejudiced attitudes and discriminatory behaviour
- commitment to inclusive education which enables and assists all students to develop their full potential
- commitment to the positive development of all staff and governors
- accountability for compliance with this policy for all members of the College community and others engaged in College business or activities

## 3. Equality Act 2010

The Equality Act 2010 replaces previous anti-discrimination legislation with a single Act. The Equality Duty is set out in section 149 of the Act. It replaces the 3 previous public sector equality duties – for race, disability and gender – and covers the following protected characteristics:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership (but only in respect of eliminating unlawful discrimination)
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

The College is required to publish information to show its compliance with the Equality Duty which means that the information must show that it has due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and any other conduct prohibited by the Act
- advance equality of opportunity between people who share a protected characteristic and people who do not share it

- foster good relations between people who share a protected characteristic and people who do not share it

The College also takes into account the SEND reforms. For the purposes of this policy, and with regard to the SEN (Special Educational Needs) Code of practice, we use the following:

Definition of SEN: *A child or young person has special educational needs if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.*

#### **4. The College's Single Equality Scheme will:**

- ensure equality of access to all potential students.
- ensure that all students enjoy equal access in terms of curriculum, assessment, support services and resources.
- ensure that discrimination, harassment and victimisation are not tolerated under any circumstances.
- work towards a staff team that reflects and complements our communities and clients.
- ensure that all members of staff understand the significance of equality of opportunity and know how to implement it in their work.
- ensure that effective systems for the monitoring and evaluation of equal opportunities are in place.
- comply with all current equalities legislation including the Equality Act 2010
